

Shilpa Advisors

Your Trusted Partner in HR Technology, ISO Standards,
Organizational Excellence, and Security Consulting.

Based in Sri Lanka | Serving Asia & Beyond

We don't just consult — we create systems that
sustain success.

Who We Are

Shilpa Advisors is a multidisciplinary consulting body helping organizations achieve operational excellence, certification readiness, and workforce transformation.

We bridge the gap between standards and strategy, ensuring every system we design delivers measurable impact.

Vision:

To become the leading management and compliance consulting firm in South Asia — known for integrity, innovation, and sustainable business results.

Mission:

To empower organizations through structured systems, modern training, advanced HR technology, and proactive security frameworks.

Our Core Competencies

01

HR & Payroll System (HRMS) — Complete digital workforce lifecycle management

02

ISO Standards Consulting — Compliance and certification support

03

Organisational Training — Skill enhancement for performance excellence

04

Security Arrangements — Risk audits, threat assessments, and protection systems

Why Clients Choose Us

- Veteran-led consulting expertise
- Proven methodologies and measurable ROI
- Local insight with international standards
- Seamless implementation and support
- Trusted by SMEs, Corporates, and Public Sector Institutions

Our Process

Understand → Design → Implement → Sustain

Assessment

Identify challenges, risks, and improvement areas

Design

Build systems, frameworks, and training models

Implementation

Deploy processes and digital tools

Monitoring

Conduct reviews, audits, and performance evaluation

We stay beyond delivery — ensuring long-term value.

Our Services Snapshot

HR & Payroll System

A cloud-based HRMS managing every stage from recruitment to retirement, ensuring complete transparency and compliance.

Organisational Training

Develop leadership, strengthen teams, and align learning with business goals using globally recognized frameworks.

ISO Standards Implementation

Transform compliance into a growth advantage. We help you achieve certification, manage audits, and build a culture of continual improvement.

Security Arrangements

Comprehensive threat and vulnerability management with our 3M model — Man, Machine, and Method.
